

ENERGY STAR Qualified Product List Updates – January 2003

The following list is a list of appliances that were either added to the qualifying product list in the previous month, deactivated from the qualifying product list in the last month, or else had their specifications changed. Deactivated products will remain on the qualifying list in red for the next year. For any questions about this list, please contact Bill McNary (bmcnary@drintl.com) or James Siegel (jsiegel@drintl.com) at 301-588-9387.

Refrigerators

On January 1, 2003, the refrigerator specification was expanded to include several categories of refrigerators and freezers that were not included before. The newly qualifying categories are: freezers, refrigerators and refrigerator freezers with manual or partial automatic defrost, single door refrigerators and refrigerator freezers, compact refrigerators and freezers, and all other sizes and categories of refrigerators and refrigerator-freezers that were excluded based on size before. All sizes and configurations of refrigerators and freezers are now eligible for the ENERGY STAR

program. All products less than 7.75 cubic feet in total volume must be 20% more efficient than the federal standard. All other products must be 20% more efficient than the federal standard.
